

As we roll up our sleeves
we will not forget what brought us
to the table in the first place,
and that is:

*"... what we all have in common
is that strong urge to serve. That
sense that we are put on this
earth for better reasons than to
serve our own selfish interests. We
all want to be a part of positive
change. It makes it so you can't sit
by the sidelines and not interact
with your community."*

Emerge America was founded 6 years ago to address the growing concern that women's unique experiences and shared concerns are under-represented in the policymaking process.

Like Emerge America, Emerge Oregon is committed to identifying, recruiting and training Democratic women who want to pursue political involvement at the local and state level in Oregon. Emerge makes a long-term investment in future leaders by honing their political skills, expanding their knowledge of local issues, and connecting them with mentors.

Emerge Oregon wants to find our next leaders and will provide the comprehensive training necessary for them to achieve their political and community aspirations.

Won't you join us?
