

NONPARTISAN **Commissioner of Bureau of Labor and Industries (BOLI)**  
aka Oregon Labor Commissioner

DISCLAIMER: All of these individuals will appear on Oregon ballots *without* their party affiliation. BOLI Commissioner is, after all, a nonpartisan elective office. Accordingly, we encourage you to familiarize yourself with all the candidates before making a final decision. Check candidate webpages and your voter's pamphlet for info, including information about endorsements. **HOWEVER:** You can make your work easier by starting with a review of **Casey Kulla** and **Christina Stephenson**, both of whom took the trouble to reach out to our party and visit us in recent Zoom meetings. The third Democrat, Aaron Baca, has been unresponsive to requests for info, and he only gives a business website, not a campaign site.
